

RISING

4TH AND 5TH MATH CAMP

During this camp, we will review several concepts including: time, money, fractions and decimals. We will play dice games and will review concepts from the previous year and prepare for next year.

I am happy to incorporate any skills that you request for your child as well.

We will work on skills through practice, games, art and cooking.

Please call me if you have any questions. Please save this page and return the second page with deposit. Thank you.

Camp will be held

June 21-24

**Monday -
Thursday**

9:30-12:00

**Camp size will be
